

Our Company produces about 80-100 tons of straw pellets per month.

We produce pure straw pellets without any additional chemical ingredients or other additives. Our production is certified.

We are in a position to procure supplies of the pellets to any legal entities or self-employed individuals which are VAT taxpayers or not.

All questions about price, package, delivery etc are discussed individually with each our client.

We can deliver the pellets in small bags (15-20 kg), big-bags (1 tone) or in bulk.

Bulk customers are allowed a discount.

The base price of the production is the following:

- For VAT taxpayers: 2400 UAH per one ton, VAT included;
- For self-employed individuals: 2150 UAH per one ton net of VAT.
